Legislature Passes Sex Education Bill
As reported in the last Update, the WCC opposed passage of Assembly Bill 458, which would mandate that only so-called “comprehensive” sex education be taught in public schools as part of any human growth and development curriculum. The bill passed the Senate on an 18-15 party-line vote with one amendment approved by the Assembly. The bill is now available for the Governor to sign.

Senate Passes Public Defender Bill
Last week the Senate passed Senate Bill 263 on a vote of 21-12. The bill, which would raise the income eligibility rate for persons in need of a Public Defender and increase the number of Public Defenders, is supported by the WCC (testimony).

Senate Advances Mental Health Parity Bill
By a vote of 20-13, the Senate passed the Mental Health Parity Bill (Senate Bill 362), which would require that most health insurance policies provide the same coverage for the treatment of mental health and substance abuse conditions as they would for any physical ailment. The WCC testified in favor of the bill.
