Assembly Passes Payday Lending Bill
By a vote of 59-38, the Assembly this week passed a revised version of Assembly Bill 447 as Assembly Substitute Amendment 1. The revised bill, which regulates the payday loan industry, does not include a rate cap on loans, but it would place limits on the amount of each loan, as well as the number and frequency of the loans that a lender could make to an individual. It would create a database for all lenders to enter their customers’ transactions and comply with the bill’s requirements. The bill would also prohibit motor vehicle title loans. Finally, the bill would give Wisconsin’s Department of Financial Institutions powers of inspection and enforcement. The bill now goes to the Senate, where it is expected to undergo further revision.

WCC Supports School Conference and Activities Leave Bill
The WCC submitted written testimony this week in favor of Senate Bill 86, which would allow employees to take leave from work to attend a child’s day care or classroom function. The Senate Committee on Children and Families and Workforce Development took no further action on the bill following its public hearing.
