Regular Legislative Session in Recess until January
The Legislature on November 3 ended its regular floor sessions for 2011. The next regular floor session will open on January 17, 2012. In the meantime, however, the September Special Session, called by Governor Walker and devoted to economic development, continues along with committee meetings and public hearings.

Governor Signs Parental Choice Bill
Governor Walker has signed into law a bill supported by the WCC and other Choice advocates that would make administrative changes to the Parental Choice Programs. Senate Bill 234 (Sen. Leah Vukmir, R-Wauwatosa), now 2011 Wisconsin Act 47, affects provisions concerning Choice Program school accreditation, Choice school certificates of occupancy, fees charged to Choice students, the process for determining income eligibility for Choice families, and standards of conduct for Choice schools and staff.

Senate Passes Bill to Reform Sex Education
On a party line vote of 17-15, the Senate last week passed Senate Bill 237 (Sen. Mary Lazich, R-New Berlin) the “Strong Communities/Healthy Kids Act,” which would provide local districts flexibility in teaching human growth and development classes, as well as permit abstinence-based instruction. The WCC presented testimony in support of the bill. A public hearing is scheduled next week for the companion bill, Assembly Bill 337 (see below).

Assembly Passes Bill Banning Unpardoned Felons in Schools
The Assembly, on a voice vote, has passed Senate Bill 86 (Sen. Alberta Darling, R-River Hills), which would permit public and private schools to refuse to employ or to terminate from employment an unpardoned felon. The WCC previously presented testimony for information on the bill. The bill now awaits the Governor’s action.

**Legislature Advances Bills on Student Safety and Health**

The Legislature has passed two bills related to education, both of which were amended with the WCC’s support. Senate Bill 42 (Sen. Van Wanggaard, R-Racine) expands mandatory reporting in Wisconsin, requiring all school personnel in both public and private schools to report the suspected abuse or neglect of children to the proper authorities. The WCC issued a press release noting its support for an amendment to the bill that expanded the new reporting requirements to all private school personnel. Senate Bill 45 (Sen. Luther Olsen, R-Ripon) would alter many of the requirements instituted last session under 2009 Wisconsin Act 160 regarding the administration of medications to pupils. The legislation was amended to focus on four kinds of medication administration and removes the mandate that training in private schools be approved by the Department of Public Instruction. Both bills await action by the Governor.

**Upcoming Hearings of Interest**

(N.B. Only bills of interest are flagged. In most cases, committees will be considering other bills as well.)

Assembly Education
10:00am, Wed., Nov. 16, 417-N
